

Health & Wellness Nurse - LPN

A senior living community is now accepting applications for a full-time Health & Wellness Nurse. The Health & Wellness Nurse works alongside health service team members to optimize health and wellness.

The Health & Wellness Nurse is responsible for providing health services to independent and assisted living residents by working with each resident individually to nurture physical and social wellbeing. This Nurse is responsible for building relationships, solving problems, locating resources, and being an integral part of the new resident's life in conjunction with Health & Wellness Services Director. This nurse is responsible providing home care services to designated residents and will assist Health & Wellness Services Director in managing after hours on call.

This position is for an LPN and is full time at 32 hours a week.
